

Active Load

Active Load

Item no.: 050010

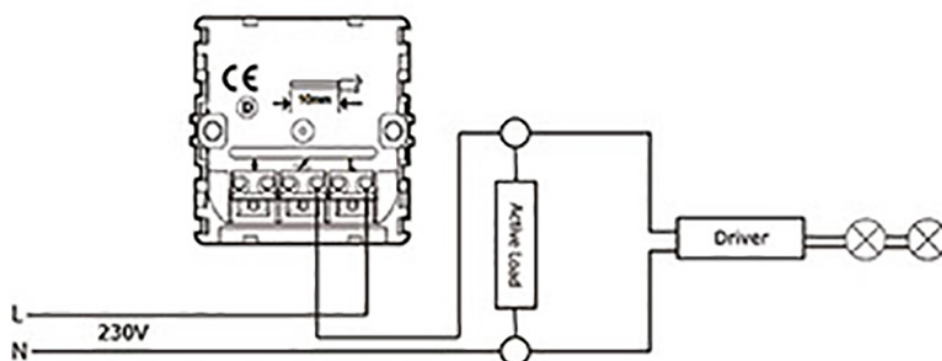

Active load for dimmable driver.

To be used together with LK dimmer FUGA Touch IR 350 UNI.

Active load is a filter which surges pulses from the dimmer. Without the active load these pulses can trick the driver to turn on the light without anyone touching the dimmer.

To be mounted in parallel with the dimmable driver (please see diagram below).

If the 230V plug is removed, the active load may only be connected by authorised installer.

PACKING

Box Size 365x325x275 mm

Box Amount 50 pcs
